Joe Hill

-Will no one rid me of these mettlesome Joe Hills!

-Lit AND history,Boss!

-Yeah it broke my cheapskate father’s ass to send me to Harvard. Too bad he’s no longer around to see a payoff.

-Rookie wants to find out who Joe Hill was.

-Played at the club once. Five holes on the left before he collapsed.

-Well just put today’s versions of him out of mind! Whatever could they do to us? We’ve bought the executive,legislative,and judicial...to understate.

-Yeah I remember that trio from prep school civics. What a dreamworld that was! Pie in the sky.

-Peace is wonderful—if expensive.

-But you know,that really WAS some war way back then! Joe and his buddies were formidable warriors before we got Utah to officially
off him. “Murdered by the Capitalistic Class,” somebody wrote later--didn’t know his Emily Post. Anyway,it’s all ancient history,and would you care to guess who won?
